Promotion, visibility, partnership / Sponsorship, Equipment for venues, Experts

EYOF is the biggest multi-event for youth and the biggest sports event that will be held in Bosnia and Herzegovina after Winter Olympic Games 1984. It is the great opportunity for companies to support this event and to promote themselves on such a big European festival. We are offering promotion, full visibility and partnership in our projects during preparation period and on competitions and venues. It would be great if we could get support in equipment for venues, experts and sponsorship. This would help us to prepare this Festival on the best possible way.
